About Me

I consider myself a life enthusiast with a passion for exploring all new and unknown. I love nature, sport, family, books, coding and more! As my biggest strength I consider systematical and analytical thinking. From the professional perspective I am interested in full-stack development, finance and environmental protection.

Working Experience

Finance Business Partner for IT Development, Prague - **Vodafone CZ**
(2018 - 2020)

Part of the Technology Controlling team. Business partner for the System Development department. Day to day agenda was to provide support, analysis and assistance in decision making processes. Essential competences were also budget planning activities, creating business cases and reconciling CAPEX and OPEX results. All above mentioned agenda usually required a lot of communication with the business partners across the company - HR, SCM, PMO and others. I led several saving initiatives and projects, and, in the beginning of 2020, I was nominated to VF talent programme (VF stars). From the technical perspective I mostly worked with SAP, VBA and MS Office applications.

Portfolio Analyst, Prague - **Alpiq Energy**
(2016 - 2017)

Data processing and modeling, continuous checking data system integrity, reporting (M2M results, positions, etc.). Partial use of SQL and VBA.

Financial Markets Specialist, Prague - **Česká spořitelna**
(2015 - 2016)

Monitoring activities of investment funds, net asset value calculation, investment limits controlling, etc.
